

R50

Brand: Raveon

Product Code: R50

Availability: In Stock

Weight: 3.50oz

Dimensions: 90.00mm x 51.00mm x 0.00mm

Call for Price: 1-514-697-2327

Short Description

Raveon

*****Coming Soon*****

The RV-R50 Skyline Base Station is a fully contained wireless hub for use with Raveon's M50 series radio modems and GPS transponders.

Description

The RV-R50 Skyline Base Station is a fully contained wireless hub for use with Raveon's M50 series radio modems and GPS transponders. It uses either LoRa or DART WAN protocols to communicate with 1 to millions of Wireless Devices (WDs). Its powerful Intel motherboard enables R50's on the same system automatically mesh together to form as large of a network as desired.
