

IR912

Brand: InHand Networks

Product Code: IR912

Availability: In Stock

Weight: 0.00kg

Dimensions: 132.60mm x 112.80mm x 45.00mm

Call for Price: 1-514-697-2327

Short Description

InHand Networks

Fast Large-scale Deployment, High Reliability, and Python Programming

Description

Integrating 4G LTE and various broadband WANs, providing uninterrupted access to internet, embedding full security network services, supporting tens of thousands device connections, InRouter900 enables more data applications for machines. InRouter900 has also been built for rapid deployment and easy management, which enables you to scale up M2M application combining data and video, in limited time and budget. InRouter900 is born with best-in-class reliability which ensures availability of your business, wherever harsh environment your machine stands.

InRouter900 is particularly suitable for large scale M2M solution, such as vending machine, ATM, digital signage, industrial automation equipment, smart grid, medical device, robot, field machinery, digital factory.

InRouter900 brings to machines brand new possibilities of data transaction, intelligent analysis, and advanced service
